Keynote Speaker:
Prof. Michiel W.M. van den Brekel, MD, Ph.D.
Chairman, Department of Head and Neck Oncology and Surgery
The Netherlands Cancer Institute – Antoni van Leeuwenhoek Amsterdam,
The Netherlands

Milton J. Dance Jr. Head & Neck Center Faculty:
Karen Pitman, MD, FACS
Medical Director
Head & Neck Surgeon
Johns Hopkins Head & Neck Surgery
Johns Hopkins University School of Medicine
Professor, Head and Neck Division

Ryan H. Sobel, MD
Head & Neck Surgeon
GBMC Department of Otolaryngology-Head and Neck Surgery
Johns Hopkins Head & Neck Surgery
Hend & Neck Robotic Surgery
Hend & Neck Endocrine Surgery

Barbara Messing, MA, CCC-SLP, BCS-S
Administrative-Clinical Director
Board Certified Specialist in Stuttering Disorders
Clinical Specialist in Head & Neck Rehabilitation

Melissa Kim, MS, CCC-SLP
Speech Pathology Coordinator
Clinical Specialist in Head & Neck Rehabilitation

Jessica Maloney, MS, CCC-SLP
Clinical Specialist in Head & Neck Rehabilitation

Jordan Differding, MS, CCC-SLP
Speech Pathologist

Karen M. Ulmer, MS, RN, CORLN
Otolaryngology Nurse Specialist

Keri Ryniak, RD, LDN, CSO, CNSC
Board Certified Oncology Dietitian

Karen Harrer, LCSW-C
Oncology Social Work Clinical Specialist

Dorothy Gold, MSW, LCSW-C, OSW-C
Oncology Social Work Clinical Specialist

Kimberly Webster, MA, MS, CCC-SLP
Assistant Professor
Department of Otolaryngology - Head & Neck Surgery SLP division

Rina Abrams, MS, CCC-SLP
Speech Pathologist
Department of Otolaryngology - Head & Neck Surgery

CONTINUING EDUCATION CREDITS:
GBMC designates this live activity for a maximum of 15.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This course is offered for 1.45 ASHA CEUs (Intermediate level, Professional area).

FACULTY DISCLOSURE:
It is the policy of GBMC HealthCare to ensure balance, independence, objectivity and scientific rigor in all its educational activities. In accordance with our policy, faculty are required to disclose all relevant financial relationships.

DISCLOSURE POLICY:
Speakers will disclose to participants the nature of any significant (or no) financial/non-financial relationships they have with the commercial firms providing support, as well as the commercial manufacturers of products and/or the providers of services discussed in their presentations. They will also disclose if any pharmaceuticals or medical procedures and devices discussed are investigational or unapproved for use by the U.S. Food and Drug Administration (FDA). A full list of faculty disclosures is available at http://www.gbmc.org/2017Taryngectomydisclosures

6701 North Charles Street
Baltimore, Maryland 21204

This course is offered for 1.45 ASHA CEUs (Intermediate level, Professional area).
Multidisciplinary Comprehensive Rehabilitation Following Laryngectomy

About the program: A total laryngectomy is often unavoidable in patients with advanced stage laryngeal and hypopharyngeal cancer or recurrent disease. Fortunately, the quality of life following a total laryngectomy is very good provided surgical and rehabilitation efforts are optimal. Over the last several decades considerable progress in voice, pulmonary and olfactory rehabilitation of the total laryngectomy patient has been made. This course will share current trends and practices in post-laryngectomy rehabilitation. A cadaver resection lab offers attendees a unique and powerful learning experience in surgical techniques for total laryngectomy. Additionally, a hands-on lab with patient volunteers provides attendees the opportunity to learn techniques of tracheoesophageal prosthesis placement.

Program Objectives

By attending this program participants will:
- Describe the surgical techniques of total laryngectomy as learned through the cadaver lab component of this course.
- Describe the latest in surgical techniques for voice restoration following total laryngectomy.
- Differentiate between primary and secondary voice prosthesis placement and identify pros and cons of each.
- Describe the decision making process in selecting the appropriate voice prosthesis.
- Discuss the benefits of heat moisture exchangers (HMEs) and free hands valves.

Who should attend?
- Otolaryngologists/Head and Neck Surgeons, Residents
- Speech-Language Pathologists
- Head and Neck Oncology Nurses
- Anyone interested in expanding their understanding and clinical knowledge of the laryngectomized patient

Topics covered over this two-day intensive course:
- Current surgical techniques and stoma optimization
- Cadaver resection demonstration
- Primary and secondary voice prosthesis placement: Pros and cons
- Voice prosthesis selection: Making the right choice
- Hands on instruction in small groups: Prosthesis changes with patient volunteers
- Pulmonary rehabilitation
- Heat moisture exchangers (HMEs): A critical element in pulmonary rehabilitation and ongoing function
- Nutritional issues post-laryngectomy
- Voice and stoma fixation accessories: Hands-free speech, selection of fixation devices (adhesives/tubes/buttons)
- Tips, tricks, complications and challenges

This is a practical course using video demonstration, cadaver dissection, hands-on sessions for prosthesis changes and troubleshooting.

GBMC Program for 2017

DAY 1: FRIDAY, OCTOBER 6, 2017
7:30 - 8:00 am  Registration and Continental Breakfast
8:00 - 8:10 am  Welcome and Introduction
   Barbara P. Messing, MA, CCC-SLP, BCS-S
8:10 - 8:30 am  Evaluation/quiz of participants baseline course content knowledge
   Michiel W.M. van den Brekel, MD, PhD
8:30 - 9:15 am  Post-laryngectomy rehabilitation history
   Michiel W.M. van den Brekel, MD, PhD
9:15 - 10:00 am Postlaryngectomy voice physiology
   Michiel W.M. van den Brekel, MD, PhD
10:00 - 10:15 am Break with refreshments
10:15 - 10:30 am GBMC Clinical Pathway for Care of the Laryngectomee
   Jordan Diffordier, MS, CCC-SLP
10:30 - 11:00 am Voice Restoration and Management
   Melissa Kline, MS, CCC-SLP
11:00 - 11:30 am Dysphagia Following Total Laryngectomy
   Jessica Maloney, MS, CCC-SLP
11:30 - 12:00 pm Stoma care post-laryngectomy
   Karen Ulmer, MS, RN, CORLN
12:00 - 12:45 pm Lunch
12:45 - 1:15 pm Psychosocial Adjustment Following Laryngectomy
   Dorothy Gold, MSW, LCSW-C, OSW-C
1:15 - 1:45 pm Nutrition considerations for the laryngectomee
   Keri Ryniak, RD, LDN, CNS, CNSC
1:45 - 2:15 pm Achieving optimal TE voice: TEP troubleshooting
   Barbara P. Messing, MA, CCC-SLP, BCS-S
2:15 - 2:45 pm Break with refreshments
2:45 - 3:00 pm Pulmonary rehabilitation: physiology and clinical research
   Michiel W.M. van den Brekel, MD, PhD
3:00 - 4:00 pm Hands-on session with models & accessories
4:00 - 5:00 pm

DAY 2: SATURDAY, OCTOBER 7, 2017
7:45 - 8:15 am  Registration and Continental Breakfast
8:15 - 9:00 am  Current surgical techniques and refinements
   Michiel W.M. van den Brekel, MD, PhD
9:00 - 9:30 am  Total laryngectomy at GBMC including the Stapler pharyngeal closure technique
   Ryan H. Sobel, MD
9:30 - 9:45 am  Refreshment Break
9:45 - 12:00 pm CADAVER LAB: Demonstration of total laryngectomy and primary tracheoesophageal puncture (cadaver dissection) and surgical refinements optimizing vocal rehabilitation
   Ryan H. Sobel, MD, Michiel W.M. van den Brekel, MD, PhD
12:00 - 1:00 pm Lunch Provided
1:00 - 2:45 pm HANDS-ON SESSION WITH PATIENT VOLUNTEERS
   The Milton J. Dance, Jr. Head and Neck Center, Physicians Pavilion West Suite 401; obtain hands-on experience with TEP modifications with our patient volunteers All Faculties
   Hands-on session with patients: Pharyngeal closure technique
   Ryan H. Sobel, MD, Michiel W.M. van den Brekel, MD, PhD
   Michiel W.M. van den Brekel, MD, PhD

Note: Be sure to use the address & zip code 21204 for maps-directions on your smart phones for correct location

DIRECTIONS TO GBMC: http://www.gbmc.org/maps
GBMC Physicians Pavilion East
Civiletti Conference Center
6565 North Charles Street
Baltimore, MD 21204

DIRECTIONS TO CIVILETTI CONFERENCE CENTER:
Bear right after passing through the GBMC gatehouse. Go up the hill and park in the garage labeled Iris Park. The conference center is in Physician’s Pavilion East on the first floor.

HANDOUTS:
Handouts WILL NOT BE PRINTED. Registered participants will receive a website URL to access handouts 1 week prior to the conference date.

Registration Form:
Multidisciplinary Comprehensive Rehabilitation Following Laryngectomy 2017
October 6-7, 2017

All participants must register online at www.gbmc.org/cmeevents

Physicians $350.00
Residents $ 200.00
Allied Health Professionals $350.00 (Speech Pathologists, etc.)
GBMC Allied Health Professionals & Residents (Free)

EVERYONE MUST REGISTER REGARDLESS OF FEE.

Please note that confirmation letters or receipts will NOT be mailed

Confirmation of receipt of registration may be obtained by emailing the CME Office at lwagerma@gbmc.org

For registration information please email lwagerma@gbmc.org
