

DEVICE COUNSELING WORKSHOP

Workshops are held on the 3rd Thursday of each month from 10am-12pm

This workshop will include:

1. An overview of the differences between the 3 implant manufacturers so you are able to make an informed decision as to which manufacturer you will choose.
2. An review of what is required prior to surgery, a brief description of what you can expect the day of surgery and post-surgical care.
3. A discussion regarding what you can expect from your implant and your initial performance after activation.
4. Detailed info in reference to follow-up appointments and maintenance of your implant.

PLEASE RSVP TO:

(443) 849-8400 or neagan@gbmc.org

Directions to the Conference Center:

Enter the hospital through the main Charles Street entrance. After passing the ticket booth, bear to your right and follow the road until you drive directly into the Iris Parking Garage. Enter the East Pavillion. The Conference Center will be located on your right shortly upon entering the building.

Meeting room will be displayed at entrance

Attending a Device Counseling Workshop is mandatory and must be completed at least 2 weeks prior to your surgery.
