Expedited Reviews (Non-Funded)	\$50	\$25
Ceded or Facilitated Reviews	\$200	\$100

Fee Schedule for ALL Existing Projects Approved Prior to January 1, 2013

REVIEW TYPE	
Continuing Review for Renewal	\$100

No review fees are charged for project closures, enrollment status change notifications, amendments/revisions, adverse and other reportable events, deviation reports, general reporting/information only submissions, exempt determinations, not research determinations, humanitarian use device protocols, and single patient (compassionate) use protocols.

The IRB automatically waives submission fees for residents, fellows and graduate nurses affiliated with GBMC and GBMC performance improvement projects with no departmental funding. All others may request a review fee waiver in writing. The waiver request must contain a justification for the waiver. Waiver requests will be reviewed on a case-by-case basis.

All fees collected will be in the form of a check (payable to GBMC IRB) or departmental electronic transfer. No cash payments will be accepted. Payment is due at the time of submission. IRB fees are not refundable.

The above fee schedule is subject to change without advance notice by a majority vote of the IRB.
