- GBMC offers several programs to assist patients who are experiencing difficulty paying their hospital bills.
- GBMC complies with Maryland’s legal requirement to provide financial assistance based on income level and family size.
- GBMC Patient Representatives are available to assist you with the application process (see contact information on page 6), or you may access an application by going to [http://www.gbmc.org/](http://www.gbmc.org/) (go to the Patient & Visitor Tab and then click Financial Support).

- If you fail to meet your financial obligations for services received, you may be referred to a collection agency. Non-covered services – Some and perhaps all of the services you receive may be non-covered or not considered reasonable or necessary by your insurance company. Please contact your insurance company with any questions you may have regarding coverage. If your insurance does not cover the services it does not necessarily mean that you do not need the services. Your physician will explain why he or she thinks that you can benefit from a service or procedure. If you elect to receive the non-covered services, you will be financially responsible.

Medicare patients – If we believe you are receiving a service that Medicare considers not reasonable or necessary for your condition, you will be notified in writing on a form called an Advance Beneficiary Notice of Non-coverage (ABN). This will provide you with the opportunity to decide if you will proceed with the service ordered. This process is required by Medicare and preserves your right to appeal Medicare’s decision.

Claims submission – We will submit your claim(s) and assist in any way we reasonably can to ensure claim payment. Your insurance company may require you to supply certain information directly. The balance of your claim is your responsibility regardless of your insurance company payment and GBMC is not party to that contract.
